authentication

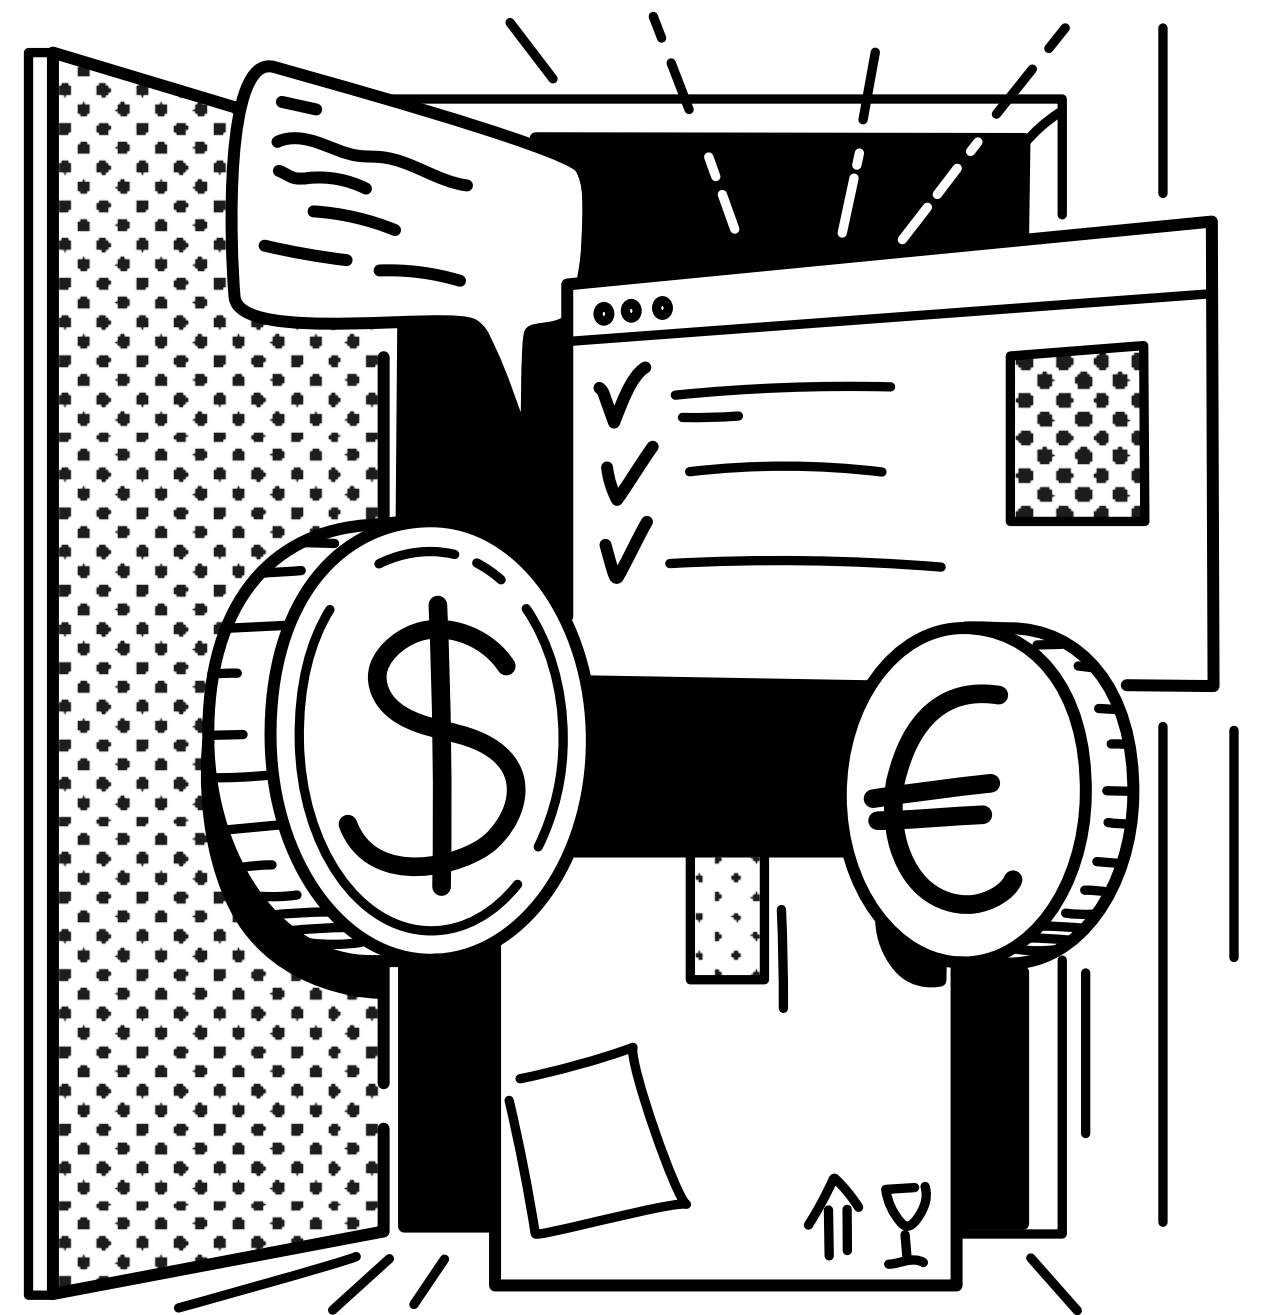

Open API for  
batch payments

Foreign exchange at  
wholesale rates

---

Multi-user  
access

Local presence for your  
business in 20+ countries

## Why MultiPass is best suited for global transfers?

We are here to remove unnecessary boundaries and enable you to transact quickly and effortlessly with your suppliers and customers around the world.

Having first-hand knowledge of contemporary banking, we develop a solution that meets the need for a reliable and transparent global payments partner.

Multi-rail: SEPA, SWIFT & more

30+  
currencies

180  
countries

---

98%

of payments are performed  
in under 24h

We cover the whole world with our multicurrency account: our expanded payment geography lets you collect and send 30+ currencies via SWIFT, SEPA Instant, Target2, ACH, CHAPS, Faster Payments and other global & local networks almost anywhere (sanctioned countries excluded).

## Multi-currency account and live FX desk

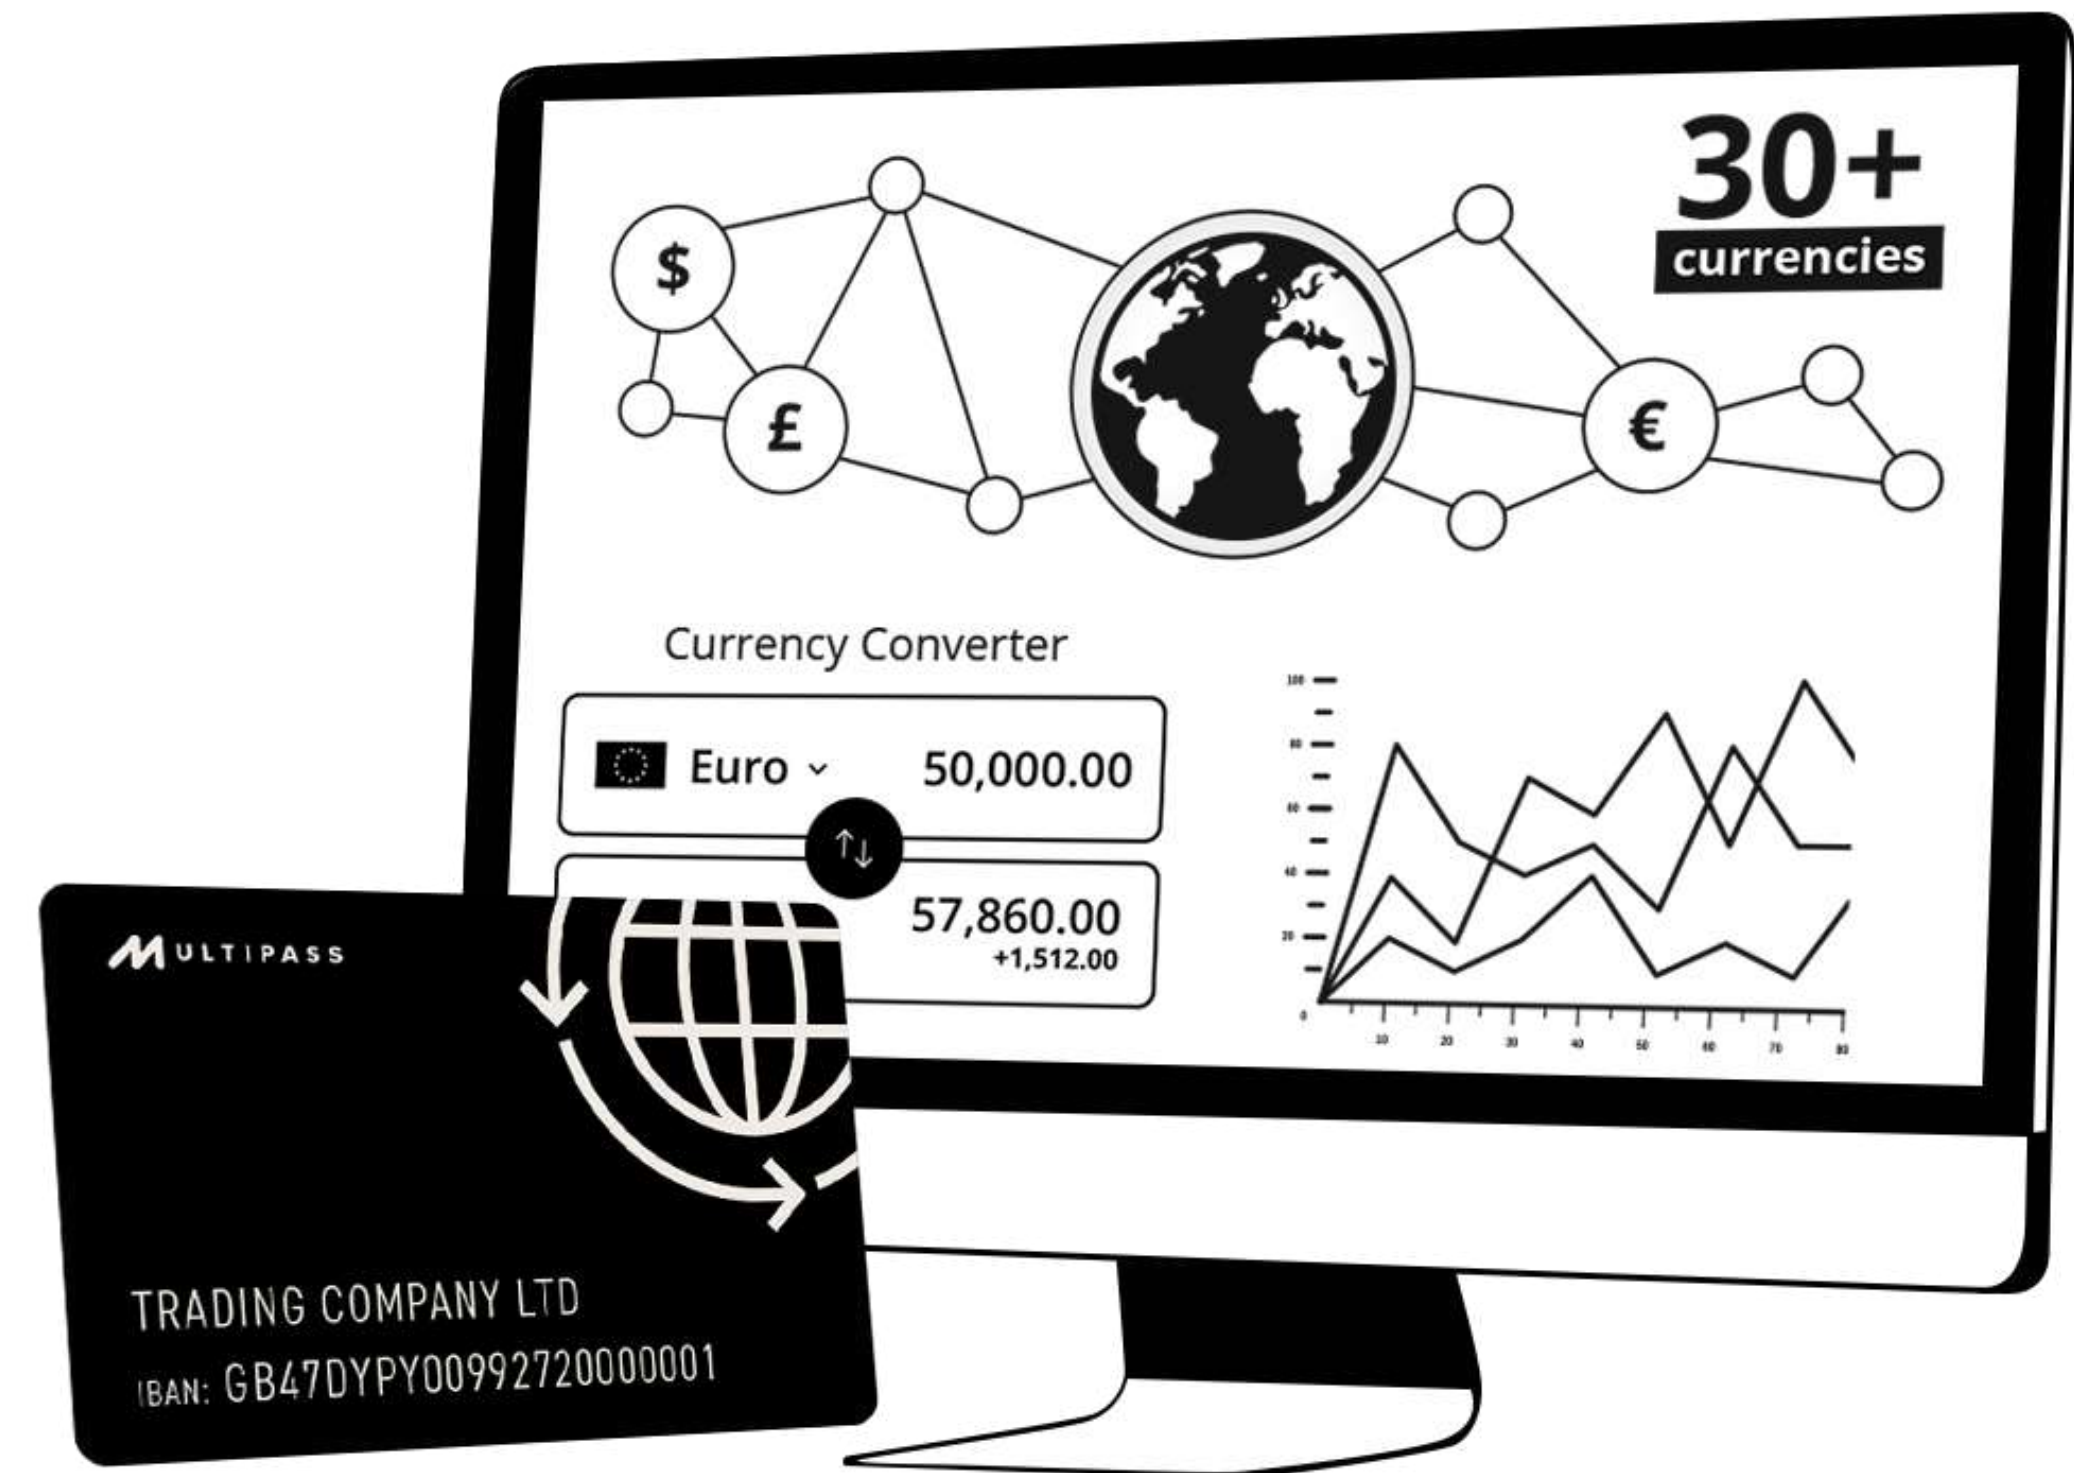

You can easily send, receive, convert and hold over 30 currencies in your own dedicated account (in your company's name).

Access real-time FX rates that are 30% more profitable than the average bank rate, no extra fees applied.

30+  
currencies

Unique  
IBAN

UK sort-code &  
US routing no.

## Multi-level support with a dedicated manager

Our professional banking expert will guide you through the onboarding process so you can open an account in less than 1 week.

A personal manager will be assigned to you providing 24/7 support to make sure your transactions run smoothly.

Real human support from day 1

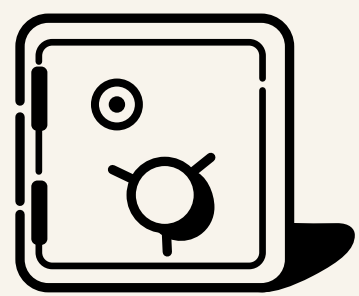

## Banking professionals you can trust

There are hard-working professionals behind every transaction at MultiPass. We have a constantly growing team of experts following the ultimate goal of sharing their FinTech knowhow and profound expertise in financial services.

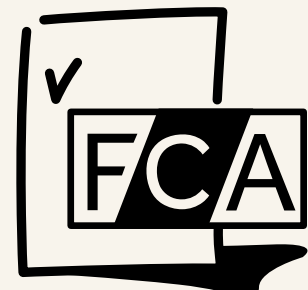

MultiPass is part of Dyninno Group, an international holding operating in the Travel, FinTech and EnterTech sectors that provides a wide range of products and services to million customers around the world.
